ONE STOP FACTORY

MANUFACTURE

We are the factory and you will be working directly with us. No extra layers and no hidden unknown results.

DEVELOPMENT

Our Japan and China development team work directly with you to make sure the final result aligns with your business goals.

DESIGN

Whether you're starting from scratch or building to spec Falcon's designers will help bring your project to life.

MANUFACTURING

CLEAN.
EXPERIENCED.
TRANSPARENT.

We know that being a great manufacturing partner requires clean facilities and operations, experienced staff, and transparent communication. This is our business and we strive to keep these values in all that we do.
